'Alien' Table Lamp

Luciano Cesaro for Tre Ci Luce, table lamp model 'Alien', metal, milk glass, Italy, 1970s

An unusual and sculptural “Alien” table lamp designed by Luciano Cesaro for Tre Ci Luce in Italy during the 1970s. Characterised by its futuristic silhouette and carefully balanced geometric forms, the lamp is a distinctive example of Italian Space Age lighting, reflecting the experimental approach to materials, shapes and illumination that defined much of the country's design during this period.
