Swedish Modern Brass & Wood Table Lamps, Set of 2

pair of table lamps, brass, wood, Sweden, 1950s

A pair of Scandinavian Modern table lamps, made in Sweden in the 1950s in brass and wood, with all the easy charm of a well-loved reading light. Each one rises from a round brass base through a fluted wooden stem and a flexible gooseneck arm to a bell-shaped brass shade, and side by side they lean towards each other like two friends deep in conversation.
